

# OFFICIAL PROTOCOLS

## THINGS YOU SHOULD KNOW BEFORE YOU TRAVEL

### PRE-ARRIVAL

**Before arriving in the beautiful BVI all travellers will need:**

- A **mandatory** certified negative RT-PCR COVID-19 test result from a test taken **within five days prior to arrival.**
- **Visitors** must provide proof of travel insurance that includes comprehensive medical coverage.
- Apply for a **"BVI Gateway Traveller Authorisation Certificate"** at [www.bvigateway.bviaa.com](http://www.bvigateway.bviaa.com) **7 days prior to travel** with a minimum of **at least 48 hours to finalise the application.**

### UPON ARRIVAL

Upon arriving at the Terrance B. Lettsome International Airport, travellers will be directed to the BVI's "Welcome Centre" for the **Arrival Day/Day 0 RT-PCR test**

Prior to travelling onward to the visitor's approved accommodations, all guests will be required to:

- Activate a tracking system on their phones (data or wifi connectivity required)
- Wear a wristband monitoring device

All guests will also be given an appointment for their Day 4 RT-PCR test.

### WHILE IN BVI

- All arriving visitors are required to quarantine for four complete days at their hotel, resort, villa or on their vessel
- All visitors will receive another RT-PCR test administered on **Day 4**
- Children under 5 do not need to be tested
- If the results are negative, visitors will be allowed to move around the BVI freely

**The Government of the Virgin Islands current social distancing and safety measures apply.**
